CIO Review Names Entercoms in the 20 Most Promising Supply Chain Tech Solution Providers 2018 report

Entercoms, Inc. is pleased to announce that it has been included in the list of 20 Most Promising Supply Chain Tech Solution Providers, 2018 report by CIO Review.

The preamble to the report says, "As the supply chain sector emerges to be a vast field of possibilities in terms of technology, organizations are looking for supply chain solution providers that match their needs. To help companies choose the best solution provider, CIOReview brings forth a competitive list of the best service providers in the supply chain field. The listing provides a look into how the solutions in this domain are put into use, so that you can gain a comprehensive understanding of how they will optimize your business processes."

"We believe that our inclusion in CIO Review's 2018 report affirms the effectiveness of our Integrated Service Platform methodology in driving real transformation across our customers' service supply chains" said Rahul Singh, President of Entercoms. "Our cloud-driven SCM BPaaS solutions enable our clients to leverage our proprietary analytical models, best-in-class workflow management tools, and unrivaled domain expertise to accelerate their financial outcomes and drive the operational excellence of their service business."

About CIO Review: In today's dynamic global economy, the ability to be agile and responsive to change is more important than ever before. Information and the interactions around it have become key assets of most enterprises, and making correct decisions in shrinking cycle times is the defining operating characteristic of winning companies. CIOReview, a technology magazine, has been at the forefront of guiding organizations through the continuously disruptive landscape and providing enterprise solutions to redefine the business goals of enterprises tomorrow.
